Art Unit: 2645

Allowance

1. Claims 1 through 6 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Fishman, U.S. Patent No. 5,655,017 (hereinafter Fishman) discloses a portable terminal system (10) comprising:

a portable terminal device including a housing (12) and a first connector (column 3, lines 15-20);

an external speaker portion (26) for converting electrical signals from said portable terminal device (see Figure 1) to sound wave signals, said external speaker portion including an external speaker (30) and a second connector (column 3, lines 15-20);

transmission holes (38) through which the sound wave signals converted from the electrical signals by said external speaker (30) are transmitted to said portable terminal device (see Figure 1);

wherein said first and second connectors are electrically connected to each other to transmit the electrical signals from said portable terminal device to said external speaker (column 3, lines 15-20).

Art Unit: 2645

With further respect to claim 1, Fishman fails to show the transmission holes (38) being formed in said first connector and said external speaker (30). Although Janus et al, U.S. Patent No. 6,829,198 (hereinafter Janus) teaches transmission holes being formed in a first connector and an external speaker (see Figure 3), the threaded hole 24a is neither designed to, nor capable of, transmitting sound waves to the portable terminal device because it is plugged by the threaded portion 18a of electrical connector 18. Consequently, the hypothetical combination of Fishman and Janus would fail to teach the claimed invention as presently claimed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Olisa Anwah whose telephone number is 571-272-7533. The examiner can normally be reached on Monday to Friday from 8.30 AM to 6 PM.
